Hévíz, with its unique natural treasure, Lake Hévíz and with the 220-year-old spa culture and professional medicine, built on it, deservedly gained its international recognition and its prestige among the traditional Central European spa towns.

Thanks to the thermal lake, suitable for swimming all year round and recognised as Hungaricum since 2015, as well as the local treatments based on the medicinal water, Hévíz, with its more than 10,000 bed places and 1 million nights spent, is the most popular provincial touristic destination in Hungary. The West Hungarian settlement, with a population of barely 5,000 residents, still managed to preserve its small-town character, where, actually, everything is made for facilitating the relaxation of guests.

However, over the decades, the services have become more and more specialised, professional and varied, so Hévíz, which has traditionally been known as a health resort, offers many opportunities for the organisers of conferences, meetings, workshops and trainings of national and international importance nowadays.

Conference organisation infrastructure in Hévíz:

- Conference venues with theatre-style seating up to 550 people, conference rooms up to 800 m²
- Circa 5,000 bed places in commercial accommodation facilities
- 13 hotels rated from 3 to 5 stars
- Hévíz – Balaton International Airport is 10 kilometres away
- Liszt Ferenc Airport in Budapest and the international airports in Vienna are 200 kilometres away
- More than 100 restaurants, coffee shops, confectioneries
- A wide range of health and beauty service providers, travel agencies, transfer and car rental opportunities

Team building and facultative programs

In Hévíz:

- Hévíz Spa where you can swim in the thermal lake in summer and winter
- A variety of wellness and beauty services: baths, saunas, a wide range of salt and aroma cabins, massages, wraps, etc.
- Active recreational opportunities: outdoor and indoor sports facilities, tennis, horse riding, golf, hot air balloon, Segway tours, bicycle rental, tour organisation
- Cultural programs: historical sightseeing, classical and light music programs, theatre
- Culinary delights: wine tasting, specialties of international cuisine and cuisine of County Zala, farmers' market

In the neighbourhood:

- Festetics Palace, Hunting Museum, Balaton Museum - Keszthely
- Boat trips on Lake Balaton, sailing, e-boats from Keszthely Bay
- Professional golf clubs in Zalacsány and Balatongyörök
- Circa 250 kilometres of varied hiking and biking routes in the West Balaton region
- Badacsony wine region
- Beaches around Lake Balaton, adventure parks

The conference room of Hévíz town's Municipality is available to event organisers with excellent sound, lighting and stage technology. The lobby of the hall is perfect for holding buffet style standing receptions or operating a snack bar.

The success of events and conferences, their smooth operation greatly depend on the service staff, the people who run or are able to run the technical background. In most cases, the person or the crew, who can handle the problems arising, is not present continuously in the locations. We offer a solution for it: events sound, lighting technology, technical backgrounds of screenings on multiple devices.
